

# THE BULLETIN

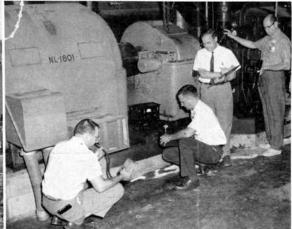

A NEWSPAPER BY AND FOR Y-12 EMPLOYEES OF UNION CARBIDE NUCLEAR COMPANY **DIVISION OF UNION CARBIDE CORPORATION** 

VOL. 14 - NO. 27

OAK RIDGE, TENNESSEE

Wednesday, July 6, 1960

ENGINEERING DIVISION Y-12ERS WORK BOTH OUTSIDE AND INSIDE in their jobs of continual inspection and supervision of building expansion and improvement as well as of machinery and equipment. At left, from left, H. F. Akin and C. R. Kasperek, both of Project Engineering, discuss a building expansion and improvement job with W. E. Stanton, center, a contractor's representative. In the picture at right, Industrial Engineering personnel are testing a 1,600 ton refrigerator compressor for noise level, compressor vibration and air flow through the 2,000 horsepower motor. From left are E. E. Choat, J. W. Hodges, J. C. Little and P. J. Breman.

## Y-12ers Urged To Get New Badges At Once

#### July 18 Is Deadline To Honor Old Badges

Distribution of the new Y-12 metered "take home" identification badges began at the self service racks at plant portals last Friday and proceeded smoothly. Now, Y-12ers are reminded that the old badges expire on July 18 and will not be honored for admittance to the Y-12 Plant after that date.

For that reason, all employees who for any reason have not picked up their new badges are urged to do so as soon as possible. These include those who have a large to the second to the second the second to the second the second to the second to the second the second to the secon vacation or out because of illness.

Another exchange of badges is scheduled for October 1 and every three months thereafter. Any Y-12er who wants his new badge at a portal different from the one from which he received the current badge must fill out another IBM card, certifying the new portal location desired, and send it to the Security Department. These cards may be obtained at the self-service badge racks, guard posts, pay portals and the Stores and Property Departments.

### **ORNL Physics Division** Sets Two Seminar Meets

Two seminar sessions have been announced by the Physics Division of the Oak Ridge National Laboratory, to be held on Thursday and Friday afternoons of this week, July 7 and July 8. Both seminars will be held at 3:15 p.m. in the auditorium of Bldg. 4500, ORNL. J. Sheridan, University of Bir-

mingham, England, will speak at the Thursday meeting. His subject will be "Recent Microwave Studies of the Structure of Simple Mole-cules." G. C. Morrison, University of Chicago, will speak on Friday. His topic will be "Nuclear Reaction Products from the Lithium Bombardment of Li6 and Li7 Targets." Y-12ers interested in either meeting are invited to at-

#### MARKETS ARE TOUGH

New products are being introduced in the market place at the rate of 26 a day—and failing at the rate of 23 a day, an industrial design magazine reports.

AFTER BEING INSPECTED, SEE PICTURE BELOW, a new automatic sprinkler system is given a final test, above. The system employs a new type of large-capacity spray nozzle and is one of the first installations of its kind in the country

## do so as soon as possible. These include those who have been on real results of illness. Red Cross Chairman Other Y-12ers To Serve On Board Of Directors

At the year-ending board of di-rectors meeting of the Oak Ridge Chapter of the American Red Cross, James E. Campbell, of Industrial Relations, was re-elected chairman by unanimous vote.

Eighteen Gray Ladies were pre-sented pins and were capped in formal ceremonies which officially began their volunteer activities at the hospitals. Officially representing the Oak Ridge Hospital was Director Paul Bjork, and Mrs. C. L. McCallum, nursing supervisor.

After reviewing the chapter's activities for the past fiscal year, Campbell read the newly appointed members of the board, who will serve for three years. Among the Y-12ers appointed were Robert T. Cantrell, Recreation; George Everitt, Shift Superintendent's Office; Earl E. Goode, Cashier and Travel; Leo F. Hemphill, Engineering Division; and Jim Young, D Shift Picnic Drew 150 Publications.

#### LUNG CANCER DANGEROUS

Lung cancer, the chief cause of cancer death in men, killed 30,000 men and 5,000 women last year. The total of 35,000 deaths is over five times as many as 20 years ago. The American Cancer Society is supporting research in all phases of lung cancer.

#### EXPLAINS A LOT

Twice as many women as men suffer from high blood pressure in the United States. Maybe that explains a lot.

THE ENGINEERING DIVISION works closely with other plant divisions and departments in matters of safety and fire protection. This group is making final inspection of a new automatic sprinkler system (see above picture.) From left are Gentry Underwood, Project Engineering; J. T. Blackmon, Piping Engineering; Robert Kemper, Project Engineering; and W. O. Elam, Fire and Guard Department.

# **Guests For Enjoyable Time**

Approximately 150 D Shift Y-12ers and members of their families enjoyed the shift picnic held last Wednesday, June 29, at Cove Lake State Park near Caryville. The crowd enjoyed a picnic lunch, games and contests. In drawings for prizes J. D. Tolliver won an ice box, Ruby Myers and Clyde Bowen, badminton sets; Betty Floyd, ice cream freezer; Mildred Bailey, croquet set; Stanley Smith, picnic jug; Dianne Bailey, picnic basket; and Susan Shabot, barbecue grill.

## **Engineering Division Contributes** Substantially To Safety Record

#### Group Has Operated More Than 13 Years Without Disabling Injury To Employee

Every Union Carbide Nuclear Company employee in the Y-12 Plant Area has every reason to be proud—and satisfied—over the splendid overall safety record established during the past several years. Also, everyone realizes that the success of the plant accident-prevention campaign that has brought the number of hours of plant operation without

a disabling injury to nearly 7,000,out the result of chance—but the result of hearty cooperation between divisions, departments and individuals throughout on the property of the the plant.
Not All Office Work

One of the most substantial con-tributors to the magnificent safety performance in the Y-12 Plant Area is the Y-12 Engineering Division. At first glance—outsiders might believe that the Y-12ers in the various Engineering Division departments are not exposed to as many accident hazards as employees in other divisions. However, the Engineering Division work is not all office work over drafting boards and blueprints. It involves field work and inspections-sometimes presenting considerable haz-ards. Many engineers wear protecsafety equipment, such as hard hats and safety shoes, on their job to avoid injuries.

The safety-consciousness of the Engineering Division is shown in the figures compiled by the Safety Department.

4,810 Accident-Free Days

As of July 1, the Engineering Division has worked 13 years, two months since the last disabling injury was reported. That covers a period of 4,810 days and approximately 5,445,977 hours of operations. The Engineering Division is the only one in the Y-12 Plant, with the exception of the Superintendents Division - without a single doctor's case and no motor vehicle mishaps for the entire year

of 1959. Engineering Division Superintendent W. E. Heckert is one of the strongest advocates of safety in the entire plant. Realizing that his employees perhaps do not face the accident hazards as those of other divisions, he nevertheless is alert to the menace of complacency to the continuance of the division's fine record. Safety meetings are frequent and Y-12ers in the Engineering Division are kept aware of all the latest steps being taken throughout the plant to further the cause of safety. Safe Designing Objective

Not only by avoiding disabling injuries themselves does the Engi-

neering Division help to keep the safety record of the plant rolling

# **OakRidgeUFChairman**

#### H. W. Sherrod 16-Year **Resident Of Community**

Harold W. Sherrod, of the Oak Ridge Gaseous Diffusion Plant Training Division, has been appointed Oak Ridge Chairman of the United Fund, according to Fund Chairman John Fox.

Sherrod, who lives at 109 Decatur Road, Oak Ridge, has been

a resident of

these parts for

the past 16 years. He was

in the Knox-

ville office of the Tennessee

Valley Authori-

ty before com-ing to Oak Ridge Gaseous

Diffusion Plant. H. W. Sherrod He and his wife, Jane, leaders in the Elm Grove community, have two children — Joe, a Y-12er in Beta 4 Heavy Machine Shop; and Mrs. Sandra Springfield, a resident of Cocoa Beach, Fla.

A former member of the Community Chest Board, Sherrod has been active in church work at the First Baptist Church, having held positions as training union director, and Sunday School teacher, and is presently associate Sunday School superintendent. In the early days of the church here he helped establish various athletic leagues among the youth at First Baptist and the community in general. He is past president of the East Tennessee Chapter of the American Society of Training Directors.

John Fox, Anderson County Fund Director for 1960, points out that Sherrod will be in charge of all United Fund-Community Chest-Red Cross Fund activities for the city of Oak Ridge, and that his past experience in civic and community projects makes him particularly well suited for this

## SAFETY SCOREBOARD

The Y-12 Plant Has Operated 203 Days Or 6,745,000 Man Hours (Unofficial Estimate) Without A Disabling Injury

> Through June 30 Phone 7755 For Daily Report On Accident-Free Hours

## Jobs And Manufacturing **Lead Population Growth**

In the past 100 years the popula-tion of the United States has increased seven times. However, the total output of manufactured goods by the nation has multiplied 25 times. A century ago machines did only six per cent of the work, now

they perform 94 per cent. Yet there are more jobs available today per 1,000 population than ever before. This is true because while new machines may displace work-ers temperorily, they ultimately ers temperorily, the create additional jobs.

### Son Of Y-12er Wins ROTC, Diamond Honors At ETSC

Cadet Capt. A. E. Cowan

Climaxing a successful collegiate career at East Tennessee State College at Johnson City recently was Cadet Capt. Arthur Eugene Cowan, of Oak Ridge-son of Y-12 Guard George A. Cowan. Captain Cowan-known best to family and friends as "Gene"—is 22 years old and graduated from the Johnson Institution this year with City honors.

Among other honors received was being listed as among the outstanding members of the ETSC Reserve Officers Training Corps unit. Co. F of the ROTC unit, commanded by Captain Cowan, received a streamer as the best company in the unit and Cowan was presented a silver tray in recognition of his proficiency in command.

For the past two years at ETSC Gene Cowan has been an outstanding baseball player and in the 1960 season was picked on the allconference team in the Ohio Valley Conference. He hit .317 and performed well at third base.

Gene Cowan is a graduate of Oak Ridge High School in the class of 1955, where he was active in athletics and school affairs.

Following a summer vacation young Cowan is planning to return to ETSC to continue his studies toward a master's degree.

### Paul L. Alspaugh Named Olefins Vice President

Paul L. Alspaugh has been appointed a vice-president of Union Carbide Olefins Company, division of Union Carbide Corporation, it has been announced by H. D. Kinsey, division president.

Alspaugh has been manager planning for Union Carbide Metals Company since the early part of this year. Before that he was product manager - titanium for the Metals Company for two years. He joined the Corporation in 1928 at South Charleston, W. Va., as an engineer for Union Carbide

Chemicals Company,
Born in Canal Winchester, Ohio, he is an alumnus of Ohio State University and has the degree of received in 1928.

All you Y-12 bachelors are again warned that it still is Leap Yearso just remember that a wedding ring is like a tourniquet, it stops your circulation.

Which also is a reminder to the Colyum Conductor to get into cir-culation one more time with the chit chat about folks-

#### ENGINEERING

Those many friends in the Engineering Division and throughout the plant of the late beloved Elmore Koons, Sr., were glad to hear from his son, E. W., Jr., better known as Bill, a former Y-12er, from Atlanta, of the birth on June 21 of a third son to that family. Bill used to be with Buildings and Grounds in the Maintenance Division. The latest addition to the Bill Koons family weighed eight pounds, three ounces on arrival and was named David Lawrence. His "big brothers" are E. W. Koons, III, 5; and Johnny, 3. Their dad is a vice president of a wholesale cigar firm in Atlanta, Before his death January 13, Elmore Koons, Sr., was with Contract Administration Engineering.

Mechanical Engineering reports all is quiet on the home front this . . A hot item of interest is that Frank Clayton has been added to the Bldg. 9215 lodge of the department . . . Jack West will be entertaining his sister from Kentucky this week end . . . Jim Bozyk decided to go home to Yankeeland for a vacation visit with his folks in Detroit . . . The Earl Smiths are up in Akron, Ohio . . . Jerry Schulte reports "indecision is a terrible thing." He doesn't know yet wheththing." He doesn't know yet wheth-er he will go to Newport or Cookeville, but pals bet he will have a good time . . . Dave DeWalt plans to spend a week end working on the A.C. Gun Club building . . . Art Brewer, Bill Gent and Don Stinnett were last seen heading for automobile races at Courtland, Ala.

Tommy Swindell is on a new -let it be quickly said that said Lark is an automobile Eleanor Bennett journeyed to Cumberland Falls, Ky., over the holiday week end . . . John Gibson vacationed in Chattanooga and Huntsville, Ala. . . . H. E. Coppock and family are resting at home and on the lake-didn't say which lake. One Beatnik around the premises. On second look it was revealed it was NOT a Beatnik but hiding behind the facial shrubbery

was W. I. Galyon. Piping Engineering pipes up with word that G. L. Dykeman and family will be up in Alton, Ill., helping his parents to celebrate their 50th wedding anniversary . . . Burns and folks are spending a few days in Chattanooga . . The H. D. Landrys are visiting relatives in Mobile, Ala., and points in Miss-issippi . . . J. C. Clark is vacationing at home with his family in Knoxville . . . C. C. Brown, wed last week in Knoxville, and he and his bride are honeymooning in Daytona Beach, Fla.

#### MECHANICAL OPERATIONS

It's good news for-and from-Production Control and many friends of Milt Dickens. He's at home again after a long spell of hospitalization following a nasty automobile crack up several months ago. Now he's just waiting for the ankle bone to connect with the leg bone, the leg bone to connect with the thigh bone and so on around his anatomy. Milt hopes to be back amongst his pals soon—and mean-time he extends thanks to all the Y-12ers who trekked over to University Hospital in Knoxburg during his stay there to spread joy and light around his cubicle.

The sick list of the TW Shop

still is headed by G. Hyatt and C. E. Jennings, who were joined last week by J. F. Chapman, H-2 foreman; and W. B. Stephens, suffering B.S. in mechanical engineering is vacationing on and around the

himself to Huntsville, Ala . . . H. M. Malicoat meandered down to Jacksonville, Fla. . . . R. E. Watkins is visiting relatives in West Texas . . . C. H. Radford rambled to Evergreen, Ala. . . . Stay-at-home vacationers include H. R. Mullins, E. D. Folden, E. H. Giles, D. A. Davis and B. G.

The Beta Four Heavy Machine Shop is happy with Bruce Dyer, who became the Proud Pop of a baby girl born June 4, named Deborah Ann and weighing eight pounds, four ounces on arrival . . . Vacationers tumbling out of the department this week include V. H. Culberson, taking in the sunshine at St. Petersburg, Fla. . . . M. H. Golson is across the state at Daytona Beach doing likewise . . . Down in Sarasota is J. D. Allen and else-where in Florida is T. E. Verner . . . The Watts Bar Lake fishing attracting B. H. Heidel . . . T. D. Foust is dittoing on Ft. Loudoun Lake . . . T. Overton is in Dayton, S. A. Peters moseyed ov-Ohio . er to Memphis . . L. M. Hayes is seeing the sights in Washington, D. C. . . G. H. Blakely is in Vir-ginia, L. N. Moncier in Maryland and C. F. Peterson in West Virginia . Jim Thorpe is taking it easy at home in Oak Ridge and there are flock of other taking-it-easy folks who didn't leave forwarding addresses . . . C. W. Johnson is back from a spell of National Guard training at Ft. Stewart, Ga. . . . Ralph Vaughan is back from Panama City, Fla., with a bee-oo-tiful Get well wishes are rushed tan to N. E. Hoffman, who injured his back while working on his son's automobile-the extent of the injury is not yet determined . . . Condol-ences are extended R. L. McIlwain, whose father, R. W. McIlwain, died recently in Waynesboro, Miss. Considered by Neal White, Rolling

and Forming, as the most desirable vacation spot there is—home . . . O. H. Harmon is another home vacationer, and reports his spouse will have her vacation after he returns to toil.

The General Machine Shop extends its sympathy to Russell Hopper, whose father, Grover Hopper, died June 30 in Barbourville, Ky. Get well wishes go to the wife of Don Pitt-she is recovering from surgery in Oak Ridge Hospital . . . Warren F. Cartwright and family spent the July 4 holiday week end in Anniston, Ala., to attend the wedding of his niece . . . The welcome mat was rolled out last week to newcomers H. D. Foster, W. R. Burrell, W. H. Bratcher, J. D. Griffin, H. S. Weaver, E. C. Edwards and D. W. Wassum . . . Vacationers are many and widespread . . . Jan-ice Gore is in Daytona Beach . . . Louis Gillis is over in Nantahala Forest, N. C., to fish and rest . . . Marvin Bates is trying out the fishing at Center Hill Lake and then will visit his mother at Spring City. ... Fred Vaughn is visiting his wife's kin folks in Virginia . . .

Tom Howard is in Cleveland, Ohio, visiting a son . . . L. Gibson is spending the week with in-laws in Johnson City . . . Buck Hale is down in Alabama . . . W. G. Shaw and R. L. Luttrell are at their Lenoir City homes . . . W. O. Thompson paraded to Panama City, Fla. . . . Fred Williams is resting up at home

in Oak Ridge . F. R. Monroe went up to that "biggest hole in the ground" at Mammoth Cave, Ky. . . . F. C. Wheeler is entertaining relatives from California.

#### SHIFT SUPERINTENDENTS AND UTILITIES

The H. N. Benninghoff familyhe's in the PSS Office—celebrated the Glorious Fourth by cruising around Center Hill Lake, fishing.

Utilities sends rapid recovery wishes to ailing G. R. Beasley . . . Also to Mrs. K. E. Caughron, recovering from surgery in University from a leg injury. Get well wishes go to one and all . . . J. L. Donahue is vacationing on and around the area lakes . . . M. Jennings hied Jefferson City over the July 4 week

Mr. and Mrs. Wayne Lankford

Get well wishes are extended the following Y-12 employees who were patients last week at the Oak

Ridge Hospital:
Cordia M. Bledsoe, Medical;
O. C. Axley, Earl Bailey and V. A. Stanley, Research Services; J. D. Collins, Property Sales; T. L. Boshears, Stores; A. T. VanDyke, Alpha Four Cascade Operations.

G. L. Carson detoured to Cincinnati to see some ball games while en route home from a visit to his parents in Oneida . . . J. D. Tolliver is visiting relatives in Harlan and Williamsburg, Ky., and may stop in Stearns, Ky., to look that town over—it shouldn't take him long . . . L. Walker is deep sea fishing off Homestead, Fla.

The Steam Plant has the R. P. Mann family vacationing with kin folks in Brownsville, Tenn. . . . Scotty Elsbree visited his mother in Sunbright over the July 4 holiday.

FINANCE AND MATERIALS That Arkansas Traveler, Bonnie Reesor, of the Cashier and Travel Office (she's the gal who tells Y-12ers where to go and how to get there) is seeing kin folks in the

Razorback State this week.

Other F&M vacationers this week include Glen Kindred, Timekeeping, at Rockwood; Ray Reagan, Traffic, in Knoxville; and Orel Harman, Mail Room, at his home Beta Four Building Sets over in the Solway community.

#### CHEMICAL OPERATIONS

Catching up with his fishing while resting at his Ol' Virginny farm occupied the vacation time of T. S. Arnold, Colex Operations . . . Winfred Ray is visiting home town friends and relatives in Clifton, Tenn. . . . E. K. Beeler is working in his garden with a side trip to see kin folks in Etowah, Tenn. Lew Skeel is the proud owner of a new home.

Beta Two C Shift's J. A. Coleman vacationed at home in Clinton . . M. W. Oldham moved into a new home just outside Fountain City. Roger Brotherton and family did their resting at Myrtle Beach, S. C. Joann Baker entertained her sister over a recent week end with trips to Cumberland State Park near Crossville; Lincoln Memorial University at Harrogate and Gatlinburg.

#### INDUSTRIAL RELATIONS

Writing the Colyum was interrupted a minute ago while the CC PLASTICS INDUSTRY GROWING was called on to sing in a "Happy Birthday" quartet to Loren Lawhorn. Wage Standards. Somebody found out the occasion last Thurs-day—but the bashful Loren only said "too many" when pressed for some statistical material. Somewhere around the publicly announced age of Jack Benny, he commented.

The Cafeteria welcomed newcomer Frank Jinks last week . . . Johnson Robinson spent last week visiting his mother in Montgomery, Ala.

Continued on Page 4

#### LANKFORD-GLAZENER

Following their marriage on May 15, Mr. and Mrs. Troy Wayne Lankford now are at home at 224 West Purdue Ave., Apt. 210. The groom is a Y-12er in the Alloy Shop of the Mechanical Operations Division and the bride is with the Biology Division of the Oak Ridge National Laboratory in the Y-12 Plant Area.

The impressive double ring ceremony was performed at the Glenwood Baptist Church, Oak Ridge, with the Rev. Everett M. Sherwood, pastor of the Antioch Baptist Church, Athens, Tenn., officiating.

The bride is the daughter of Mr. and Mrs. Paul L. Glazener, Oak Ridge. Parents of the groom are Mr. and Mrs. Lyle C. Lankford, of Route 17, Knoxville. The groom's father is with the Y-12 General Machine Shop.

Given in marriage by her father, the bride selected for her wedding a gown of white taffeta and Chantilly lace with an overskirt of net and lace. Her flowers were white sweetheart roses on top of a Bible carried by her maternal great-grandfather through the War Between The States. Her jewelry included a small gold pendant watch, a family heirloom given her

by a great aunt.

Mrs. Peter Norton Beilich, of Charlotte, N.C., was matron of honor. She wore a dress of apricot nylon chiffon with white accessories and flowers. Miss Marcia Denise Glazener was bridesmaid and wore an apricot chiffon dress with white accessories and flowers. The flower girl was Monalynn Glazener, wearing a blue nylon chiffon dress with white accessories and pink flowers. Gerald Lankford, Jr., was ringbearer.

Serving as best man was Lyle Duane Lankford, twin brother of the groom, of Atlanta. Ushers were Gerald W. Lankford, another brother of the groom, of Clinton; Reuben Ingram, Route 18, Knox-ville; and Kendall Glazener, Oak Ridge.

A cake cutting was held immediately following the wedding rehearsal held on the night before the marriage, in accordance with an old Southern custom.

## Picnic July 9 At Lenoir

That Beta Four building frolic and picnic slated for Saturday of this week, July 9, at Lenoir City Municipal Park is expected to draw a guest list of more than 300 Y-12ers and members of their families. The function is being sponsored by the various departments in the building such as Special Projects, Technical Division; Beta Four Heavy Machine Shop, Mechanical Operations Division; and Mechanical Engineering, Engineering Division.

The festivities will start at 8 a.m. and continue throughout the day. A menu of T-bone steaks, chicken, ham and trimmings will be served and various contests and games will be staged. Boat owners may bring their craft and sail on Ft. Loudoun Lake, adjacent to the park.

The plastics industry more than tripled in size during the 1950s. Production increased from 1.6 billion pounds in 1950 to 5.4 billion pounds in 1959.

TWO OF THE REASONS THE Y-12 WHIZ KIDS in the Carbide Fast Pitch Softball League got away to such a good start is the brother combination of J. D. Collins, catcher; and Ernie Collins, pitcher. Manager J. D. Collins is seen at left taking a

healthy swipe at the ball in a loop contest. Ernie, right, seems to have had better luck in making connections. Both brothers are veterans of the game and for years were stars of the fine Peerless team of Chattanooga.

the lures wielded by Capt. Emmett J. Moore of the Y-12 Fire and Guard Department. Here, the Y-12er is holding the biggest fish of a big string of crappie for entry into the Y-12 Annual

## Masters Take Lead In Pistol League

By taking both scratch and handicap honors from the Marksmen, the Masters team in the Y-12 Pistol League took over sole possession of first place. The Experts upset the Sharpshooters for two points to leave the two teams deadlocked for third place in the

Dave Alford fired a 281 scratch and 292.030 handicap score for the Masters in their victory and J. V. Ledbetter posted 255 and 291.495 for the winners. For the Marksmen it was E. C. Williams with 254 and 287.465 and T. J. Bush at 252 and 283.651. Tommy Swindell fired 253 and 287.413 to lead the Experts to their win as Ed Bailey had 237 and 281.503 for the Sharpshooters.

League standing follows: Sharpshooters

## Y-12er's Dog Wins Third In Trials

The potential young champion beagle hound owned by Harley Orange, of the Y-12 Alloy Shop, won additional honors recently in Tenn. The Y-12er's dog won third place in a group of 30 dogs in the ing regulations on Tennessee's In Y-12 Net League event sponsored by the Twin game management areas now Lakes Beagle Club. Out of six trials Orange's "Shady Dale Consistent Tom" has won two first and

The next trial in which the Y-12er's dog will be entered will be the latter part of this month in Pennsylvania, Orange said. For this event Orange says he will em-

## Whiz Kids Defeat Atoms By 17 To 1

The Y-12 Whiz Kids added victory No. 8 to their string last week in the Carbide Fast Pitch Softball League with a rousing 17 to 1 triumph over the Y-12 Atoms. The Whizzers blasted 14 safeties and took advantage of six Atom miscues. Meanwhile Don Matlock was pitching four-hit ball for the winners. He also blasted a home run.
Included in the Whiz Kids

attack were triples by Everitt and Chandler and doubles by Everitt, Forrester and Peters.

In the only other game last week, the schedule being curtailed by rain, the ORNL team licked the Oak Ridge Gaseous Diffusion Plant Shift Three outfit by 9 to 1. Line scores follow:

| ORNL                                   | 9   | 12   | 1     |
|--|-----|------|-------|
| Shift Three                            | . 1 | 0    | 6     |

| Whiz Kids                              | 17  | 14   | - 1   |
| Batteries: Atoms, Smith,               | Di  | ck,  | Hill, |
| Grubb and Myers. Whiz Kids,<br>Bowers. | Mat | lock | and   |

## Martin-Patrick Top Loop At Harriman

Martin-Patrick held a one-point lead over Isham-Crass in the Harriman Golf League for Y-12 and ORNL links lovers after the 11th match of the season. Martin-Patrick beat Webster-Franzreb and Isham-Crass topped Henck-Lynn, each by three and one-half points. Four-point whitewash wins were recorded by Pickel-O'Keefe over Buttram-L. E. Brown, Tilley-Willmarth over Cuneo-Grimes and W. H. Brown-Ellis over McCoy-Stanley. Three and one-half point victories also were posted by Hamill-Thomas over Winters-Creswell and Bob Brown-Jordan over Magyar-Sharp. League standing follows:

| Martin-Patrick      | 31    | 13    |
|---------------------|-------|-------|
|                     |       |       |
| Isham-Crass         | 30    | 14    |
| Willey-Willmarth    | 27    | 17    |
| Creswell-Winters    | 261/2 | 171/2 |
| Cuneo-Grimes        | 241/2 | 191/2 |
| Hamill-Thomas       | 24    | 20    |
| Henck-Lynn          | 231/2 | 201/2 |
| Franzreb-Webster    | 211/2 | 221/2 |
| Bob Brown-Jordan    | 211/2 | 221/2 |
| W. H. Brown-Ellis   | 20    | 24    |
| L. E. Brown-Buttram | 19    | 25    |
| O'Keefe-Pickel      | 181/2 | 251/2 |
| Magyar-Sharp        | 141/2 | 291/2 |
| Stanley-McCoy       | 7     | 37    |

## Management Hunts To Stress Safety

As a result of recent action by Three Tilts Played stress hunting safety, according to Forrest V. Durand, director. In the revised rules and regulations, two third places in American Kennel Club sanctioned competition.

Durand said, any management area hunt permit will be automatically voided if the permitee violates any of the rules and regulations governing the hunt.

In the interest of hunter safety in management areas, Director Durand points out that the new ploy a professional handler for the hunt regulations will be rigidly enforced.

COMPARATIVELY NEW to Tennessee waters is the Kamloop trout, imported a few years ago from the Far West. This beauty was taken from the Ball River in the Tellico section by R. E. McJunkins, Sr., Alloy Shop, and entered in the trout section of the Y-12 Annual Fishing Contest, The Y-12er reported a tough fight with the Kamloop, which took a bait of worms to meet its doom.

### Gambill-Hamby Get Lead In Ridge Loop

Gambill-Hamby resumed their hold on first place in the Oak Ridge Golf League for Y-12ers last week by wielding the whitewash brush over Wallace-Patterson for six points. Smith-Bartholomew, previously tied for first place, dropped four points to Boyd-Oliphant. Other whitewash wins were recorded by Emlet-Hines over Dehoney-Orrison, Hill-Hoppe over Belvin-Hopkins, Mee-McLendon over Ratjen-Davis and Mitchel-Tibbatts over Gregory-Kurtz. Thomson-Breman bagged five from Youngblood-Burkhart. Fourpoint triumphs were recorded by Holzknecht-Peckman over Underwood-Matthews, Cloyd-Hackett over Bailey-Stout and Kahley-Everitt over True-Earley. Brown-Roberts drew the bye of the week to gain six points without swing-

Only three matches were re-ported played in the Y-12 Tennis League in men's singles last week. John Pridgeon won his second match of the season by downing Pete Rekemeyer 6-2, 6-1. Sam Campbell also made it two in a row by defeating Bill Harper 6-1, 6-0. A. M. Stephens made his loop debut by taking Ray Kuhn into camp by 7-5, 6-4, giving Kuhn a record of one won and one lost in the loop of eight players.

## Lenoir Lead Hiked By Bowles-Koontz

The Clyde Bowles-Larry Koontz Y-12 team in the Lenoir City Golf League for Y-12 and ORNL players increased their lead in the standings during the week of June 27 with a whitewash win over Cabe-White, with K. Kingsbury subbing for Cabe. Meanwhile, the Collins-Watson combo dropped back one point in second place by taking only three points from C. E. and Tom Harris. In another match Carter-Morrison blanked Spradlin-Knowles for four and a two-point-each tie was played by Beckett-Frank Kennedy and Thompson-Rogers. Rutherford-Stinnett, Arrowood-Wray and James-Kinkaid each gained four points through forfeit wins when

their opponents failed to appear. Frank Kennedy had the low scratch round of 41 and Clyde Bowles had 42. Morrison fired a 35 and his partner Carter 36 for low handicap score.

| Collins-Watson         29½         14           Thompson-Rogers         27         11           Beckett-Frank Kennedy         26         18           James-Kinkaid         26         18           Carter-Morrison         24½         19 |      |

## Lead At Whittles

The Sawyer-Hendrix team in the Whittle Springs Golf League for Y-12ers in the Knoxville area expanded their lead during the week of June 27 by whitewashing the runner-up team of Loy and Huskisson by three points. Wil-burn-Wyrick took third place by beating the Schappel brothers for two. Three forfeit wins presented that many points each to Ratliff-Brown, Kovach-Marrow and Bishop-Norris. Morgan - Campbell took two points from Galle-Troutman and McNew-Cunningham beat Cook-Abele by the same score. Burrus-Miller took a similar decision from Ingle-Ball.

Hendricks had individual scratch scoring honors with a 37. Sawyer and Burrus tied at 39. In handicap scoring a three-way tie resulted with 33s by Hendricks, R. E. Schappel and Ball. Sawyer-Hendricks had the top team scratch score of 76 and tied with Morgan-Campbell at 68 in handi-

League standing follows:

Cooperation would solve many problems. For instance, freckles would be a nice coat of tan if they would just get together.

## Gatlinburg Site Of Third Y-12 **Tourney Of Year**

#### **Direct Application** Should Be Filed For Golfing Carts

Y-12 golfers are practicing up on their mountain climbing in preparation for the fourth plant tournament of the season sched-uled for Saturday, July 23, at the beautiful Gatlinburg Golf and Country Club. The course is located in the Smoky Mountains foothills, just beyond Sevierville and has been praised by golfers from throughout the country for its beauty.

In anticipation of the event, many Y-12ers have made arrangements for themselves and families to spend the week end in the mountains.

Applications Taken July 14

Applications for starting times in the Gatlinburg tournament will be taken on Thursday morning, July 14, beginning at 7:30 o'clock. The applications will be taken at the Recreation Department, Room 132-A, Bldg. 9704-2. Complete information a bout the tournament may be had from that office, plant phone 7109.

Foursomes will be started at seven-minute intervals, beginning at 7 a.m. and continuing until 10:30 a.m. All golfers are requested to be ready to start at least 20 minutes ahead of their scheduled starting time. Foursomes not ready to start on time will be placed at the end of the list of contestants. Only 15 Carts Available

Y-21 golfers wanting to rent the electric golf carts for the hilly Gatlinburg course must make their application directly to the golf club. There will be 15 carts available for the tournament and reservations may be made to Harry "Cotton" Berrier, Gatlin-burg Golf and Country Club, Sevierville, Tenn. The telephone number is Sevierville 3912. Applicants are asked to give their own names as well as the person who will share the cart for the tournament.

Y-12 golfers again are requested to observe all the rules of golf etiquette in the Gatlinburg tournament. These include making every effort not to delay following players by taking too much time to hunt lost balls, remaining on greens after holing out to figure scores, replacing all fairway divots and ball marks on greens and not letting clubs or golf bags fall

### Y-12ers May Enroll For Golf Lessons

Golf lessons for Y-12ers and members of their families can be obtained at the Oak Ridge Country Club and the Deane Hill Country Club in Knox County. The course will consist of six lessons and will be given at 5 o'clock on Tuesday and Thursday afternoons at Oak Ridge and at 6 o'clock on the same days at Deane Hill. For further information Y-12ers are asked to communicate with the Recreation Department, Room 132 - A, Bldg. 9704-2, plan phone

Spending a couple of weeks visit-

THE PROUD FATHER of this attractive youngster—little Miss Terry Van Blake-ly—is George Blakely, of the Y-12 Beta Four Heavy Machine Shop. Terry, 8, is third grader at the Karns Elementary School and recently was runner-up in the school spelling bee.

## B Shift Announces Big Picnic, Outing At Concord, July 28

Y-12 B Shift employees have announced plans for a big picnic and outing to be held at Concord Park on Thursday, July 28. This affair will combine features of the previous ice cream suppers, ham-burger fries and other special features staged by the shift last year. Festivities are scheduled to begin at 10 a.m. and continue until all

will be free watermelon, canta-loupe and ice cream as well as soft drinks. There will be prizes for all the youngsters present and five prizes for adults will be drawn for during the day. The drawings will be held "every hour on the hour," according to Chairman Ellis, and winners must be present to receive their awards. The prizes will be a croquet set, badminton set, barbeque grill, horseshoe pitching set and an electric battery lamp.

The youngsters will enjoy free wimming in the Concord Park pool and adults wanting to take their boats along can enjoy boating on Ft. Loudoun Lake.

#### PILOTS WARNED OF SPEED

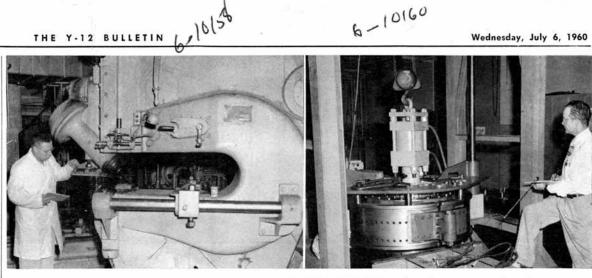

S. E. McCoy is vacationing at home in Oak Ridge, painting and fixing up the car he bought recently.

Particle of the control o ordered not to break the sound barrier in speed flying so as not to cause more broken windows in the town.

### Two Y-12ers Are Promoted To Supervision On July 1

G. V. Wells

C. A. Boyd

Two Y-12ers received promotions, effective July 1, to supervisory posts.

Claude Allen Boyd, of the Sunflower Shop in the Mechanical Operations Division, was promoted from machinist to foreman. He has been a Y-12er since January 4, 1953. The other advancement was given Glenn Vernon Wells, of the Mechanical Inspection Department of the Technical Division. He was promoted from hoist, vessel and equipment inspector to field inspector. He was employed in Y-12 on December 12, 1955.

If a man tells a woman she's beautiful, she'll overlook his other

remember... ONLY YOU CAN PREVENT FOREST FIRES!

## **Engineering Division** Has Fine Safety Mark

Continued from Page 1

along without a blemish. The division has the responsibility of designing work and equipment throughout the plant so that every safety factor possible is considered and that work can be done in a safe manner. Division employees also follow through on jobs to assure that they are carried out in a safe manner.

The work of the Engineering Division is so diversified — office and field — that there is no accident frequency record available for the group as a whole. The only rate with which any comparison can be made is that for office personnel, which should be lower than for such a group as Engineering.

The latest available disabling injury frequency rate for office employees is 2.7 per cent disabling injuries per 1,000,000 man-hours. Had the Engineering Division experienced a similar number of lost time accidents, there would have been at least 14 disabling injuries during the 13 years without such a mishap.

Since there were none-it can well be assumed that 14 disabling injuries have been prevented in Engineering. This represents an those 13 years and two months.

## Y-12ers With 15, 10 Years Company Service

Congratulations to the following Y-12 employees who will complete 15 and 10 years of Company Service within the next few days:
15 YEARS

Robert S. Burdette, Alpha Four, July 10.

Arnold K. Self, Colex Auxiliary Operations, July 11.
10 YEARS

Avis Collins, Production Control, July 8.

Ernest W. Greenlee, Process

Maintenance, July 12.

Harvey C. Hankins, Special Projects, July 12.

#### PENSION FUNDS GROWING

Pension funds in United States industry now total more than \$39 billion and are growing at the rate of more than \$4 billion annually.

estimated savings of approximately 3,600 man-days of work.

So every UCNC man and woman in the Y-12 Plant Area should doff their hats and congratulate Engineering for the fine job done —not only in contributing so sub-stantially to the plant safety rec-ord but for keeping their own folks hale and hearty over all of

GUYS AND GALS-YOUNG 'UNS AND GROWNUPS-all had a big time at the recent picnic and fish fry held by the General Machine Shop at Roane County Park. At top left is Ronald Gable, left, son of Tony Gable, right. Ronald won a lantern for landing a pound and three-quarter sauger pike. Ray Whitley, Jr., whose dad also is in the Machine Shop, is in center. Charley Myers is at left in the top right hand picture. His one-pound and seven-eighths-ounce largemouth won a reel. With him and helping hold the Myers string of fish is C. C. Chamberlain. At bottom left is Nancy Parrish, wife of W. A. Parrish, and her daughter, who won a spinning rod for landing a half-pound crappie. At right Geraldine Watson proudly displays a Coleman stove, awarded her for catching a one-pound, nine-ounce
